### Memories of Jay

*from Frank and Agnes McInenly*

*We could sit and visit for hours in Jay's booth at The Calgary Stampede's Western Art Show. People thought we were discussing art when we were really talking about the crop situation, rainfall, cattle market, horse market, and our rodeo and chuckwagon friends. I am proud to say that over the years, Jay and Lynn have not only been great customers but have become family friends. We have sold over a million dollars' worth of Jay Contway art. I always found Jay's work was easily recognized because of the structure, muscle, action, and balance that was done by a real cowboy who had been there and done that.*
